Subscription of fund units

New units may be subscribed for when the necessary and complete documentation as well as payment has been received.

Subscription takes place when a written notice including the necessary information on the subscription has been received by the management company, an amount equivalent to the subscription has been received and, if necessary, the proof of identity has been confirmed.

Units in ODIN Norge, ODIN Norden, ODIN Sverige, ODIN Europa and ODIN Eiendom are subscribed for at the unit value first calculated after receipt of subscription (normally the same day).

Units in ODIN Global, ODIN Emerging Markets, and ODIN USA are subscribed for at the unit value according to the second price calculations (normally the subsequent day) after subscription has taken place.

The funds' base currency is NOK. In addition to NOK, the funds accept payment from unit holders in foreign currencies. The funds convert payments in foreign currencies into NOK at the unit holder's expense and exchange rate risk.

A subscription for fund units cannot be made conditional or be cancelled. ODIN Forvaltning AS is not responsible for any loss or costs that its clients suffer in connection with the determination of the unit price and which is caused by circumstances outside the company's control, such as power cuts, strikes, errors in computer processing systems or telecommunications networks or errors committed by parties used by the company to fulfill its obligations under a contract.

Performance and risk

Investments in equity mutual funds always involve a certain risk – we recommend a minimum investment period of five years.

Past performance is no guarantee of future performance. The future performance will depend, among other things, on movements in the market, the manager's skills, the fund's level of risk, management fee and any other applicable costs. The value of the fund may decline as a result of a fall in share prices and it is not certain that you will recover your invested capital. The performance may vary considerably during the year. Hence, the individual unit holder's loss or gain will depend on the exact date of subscription and redemption.

Private data

ODIN Fund Management AS handles private data in accordance with the provisions of the Norwegian Personal Data Act and the Norwegian Securities Act and has a duty of confidentiality concerning information about others' business it gains knowledge of, unless otherwise expressly stipulated in Acts or regulations

or the unit holder has granted permission to supply information that is subject to this obligation. Unit holders have the right to inspect the company's routines for handling private data and the information that is registered. Unit holders can demand that incorrect/unnecessary information is corrected or deleted.
